

To Whom It May Concern:

Park Avenue Talent has been a licensing agent for talented performers across the United States. I have had the pleasure of representing Ms. Katherine Honey, harpist for many years at the Fairmont Hotel, San Francisco. Katherine Honey provided harp music in Les Saisons Restaurant in the Fairmont, San Jose for years prior to the Fairmont, San Francisco.

Katherine provided beautiful harp music for the accompaniment of the many diners attending the renowned 4-star cuisine at the Laurel Court in the Fairmont, San Francisco and also at private events or special 'Teas' when requested by banquet management. Her grace and talent lent more than beautiful sounds. Her very presence communicated to the discriminating patrons a feeling of a gentle and lovely respite from a too-hurried world.

Her music is upscale, combining classical with contemporary tunes which demonstrates her uncanny ability to "read the crowd". Besides her artistry, she communicated to management her loyalty in maintaining the highest of standards.

I recommend her and invite any inquiries concerning Katherine.

Sincerely,

Peter Gallagher  
President
