To whom it may concern,

It is with great pleasure that I highly recommend Katherine Honey for harp services. Katherine is very professional, reliable and always willing to be flexible in playing.

Katherine Honey has served as Miami Cancer Institute's Harpist for over three years. She started once weekly and by popular demand, was asked to play twice weekly. In recent months, we asked Katherine to play daily in patient areas to provide comfort during the COVID-19 crisis. Katherine is a wonderfully talented harpist.

Patients and families look forward to hearing her play. Katherine can read a room or an individual and seems to know what song may make them feel better. She puts a smile on many faces each day and reduces the stress level of patients and staff with her musical gifts. Our community at Miami Cancer Institute is very grateful for Katherine's harp music.

She has even started playing virtual ZOOM harp programming to reach audiences beyond Miami Cancer Institute. If you have questions or if I can provide more information, please feel free to contact me.
